

Procedures during COVID-19

Please make sure to check in using the provided QR code at every centre you work at.

Stay at home

Limit all your non-essential travels. If you have recently visited any Covid hotspots please let us know.

Wash your hands

Practice good hand hygiene by washing your hands with soap and water for at least 30 seconds.

Wear a face mask

Face mask rules have changed. You must wear a face mask at indoor non-residential premises in NSW. You do not need to wear masks inside Child Care Centres.

It is recommended to get vaccinated if you are eligible

Check here to see if you are now eligible for the Covid-19 vaccine,

Watch out for other symptoms

Aside from temperature, Covid-19 symptoms include cough, scratchy throat, difficulty breathing, and fatigue. Cough and sneeze into your elbow or a tissue.

Practice social distancing

If you need to go out, maintain at least 1.5 meters from others. Try calling people to keep in contact.

Be proactive if you interact with someone with symptoms or Covid-19

If you have been around someone with Covid-19, get rested immediately and let us know you may have to isolate and won't be able to work for 14 days.
